

iServe Africa
UK Trust

'Experience has shown the value of apprenticeship schemes as a method of training for Christian ministry. iServe Africa has come at a time of great need for training in the African church. I warmly commend iServe Africa UK Trust, which supports this gospel-hearted initiative.'

Vaughan Roberts, Director of the Proclamation Trust,
Rector of St Ebbe's Church, Oxford, and founder of 9:38.

*Supporting iServe Africa to
raise a new generation of
gospel workers for Africa*

iServe Africa

iServe Africa is an indigenous Kenyan gospel-driven organisation that exists to raise up, under God, a new generation of servant leaders who can faithfully teach God's Word. It was founded by Harrison Mungai after he spent two years in the UK as a ministry apprentice and became convinced of the need for a similar equipping for Africa's future gospel workers and leaders. iServe Africa runs four programmes:

1. **Ministry Apprenticeships** for fresh graduates. This is the flagship programme of iServe Africa. Apprentices are given training in gospel ministry and placed in churches and Christian organisations all over Kenya where they serve in youth and children's work, community development, evangelistic efforts, preaching, and administration while receiving on-going mentoring and training for 1 or 2 years.
2. **TransformD** is a 6 month, residential discipleship programme for high school leavers aiming to ground them in the gospel and give them an experience of mission before starting university or work.
3. **Utumishi Course** is a Bible handling course for pastors, deacons, ministry leaders, youth and children workers and anyone who teaches or desires to teach the Bible faithfully, clearly and relevantly.
4. **Injili Afrika** ('Injili' is Swahili for 'gospel') seeks to serve the wider church by engaging contemporary issues with a Christian mind.

iServe Africa UK Trust

iServe Africa UK Trust was established to support the gospel work of iServe Africa. We aim to raise awareness, enable tax efficient giving from the UK, and increase prayer support for those running the organisation and the apprentices they train. We have established a strong and lasting relationship with them, alongside robust financial accountability that can be relied upon.

iServe Africa UK Trust is a UK registered charity (Charity Commission number: 1144995) and a UK company limited by guarantee run by a small group of trustees who have a passion to see young men and women trained faithfully and biblically to take the good news about Jesus Christ across Africa and beyond.
